

Join the Kitzingen Golf Club and Play for Less

GOLF SEASON OPENS APRIL 1

Nestled on the gentle slopes of Larson Barracks, our 18-hole course is both fun and challenging. Designed with a Scottish flair, the course has wide, even fairways, generous greens, and little rough. The par 72 course provides a challenge for the best golfers, while still offering the average player or beginner the opportunity to play an enjoyable round of golf. And we're open year round.

ANNUAL MEMBERSHIPS SAVE YOU MONEY

Best of all, by choosing an annual membership, you can really save money. If you are an E-4 and you play once a week (for example every Saturday during the April through October playing season), you'll save over \$200 in greens fees. That's a new putter! An O4 husband and wife, playing with the same frequency, will save over \$650 with a Family Membership.

CLUB FEATURES
